ANALYSIS

REPAIRABLE

ITEL received information from one slope. Upon analysis of this information, we have determined that this roof can be repaired. As detailed in the report below, this repair can be achieved by repairing the individual damaged slope.

The following observations were made during analysis; the damage does not prevent the roof from being repaired.

RESULTS

Area	Determination	Analyst Observation
Slope 1	Repair	<ul style="list-style-type: none">• Light Granule loss• Ridge cap damage does not affect adjacent slope(s)• Torn/broken shingles• Debris in sealant

The determination was made based on the photos of the slope submitted. Similar damage on other slopes that were not submitted may also require repairing and/or replacement.

Please consult your internal company guidelines to determine if the repair scope exceeds area thresholds for full replacement. Perform a Roof Matching test if matching shingles are needed for the repair. All analysis results are subject to local building codes.

ANALYSIS PROCESS

An ITEL Roof Repair analyst reviewed the submitted information and used the following primary factors to determine repairability for this roof: 1) the magnitude and type of damage to the roof, 2) the condition of the damaged shingles and those that surround the potential repair, and 3) the number of non-damaged shingles that could be affected by the repair.

Matched with the ITEL Matching App

ITEL performed a national search based on the submitted specifications and photos of your product to find you the best available match. If you have questions, contact ITEL Customer Experience: support@itelinc.com or call 800-890-ITEL (4835).

IMPORTANT NOTE CONCERNING COLOR: ITEL strives to accurately match the color of the original product to the closest available products based on the submitted sample specifications and images. Due to manufacturing variances, differences in digital images and computer monitors, printer accuracy, and variation in natural exterior lighting, actual colors may differ from the images above and the original product. Check a roofing sample or manufacturer's color swatch before making a final color selection and purchase.
